

resourcing

Resourcing ltd

Our business is the leader in the permanent recruitment of qualified dentists in the UK. We are looking for professionals who are interested in relocating to the UK.

Market Knowledge

We have been finding careers for international dentists in the UK since 2000. We have close working relationships with all the major dentistry employers in the UK. From this vantage point we are able to provide a wide portfolio of vacancies to suit all levels of dentist – from recently qualified to vastly experienced professionals.

- Our service is free for you.
- We are independent so we are not tied to any specific employer, so can offer impartial advice about the best career options available to you.
- With some of our clients we are able to offer financial help with relocation to the UK if desired
- We give advice to help prepare you to tackle the interview & selection process implemented by each of our clients.
- We provide help & information about your registration with the General Dental Council, the organisation that governs all dental professionals who practice in the UK.
- Additionally we provide help, support & advice about the UK to help you decide which region or city would be best for you. We help you with travel arrangements for your interview & when relocating will provide you with local knowledge such as; universities, colleges, local attractions, travel, sports & leisure facilities etc
